ANNUAL WATERWORKS INFORMATION

ANNUAL INFORMATION TO BE MADE AVAILABLE AT THE MUNICIPAL OFFICE BY SEPTEMBER 1 OF EACH YEAR (beginning 2006)

Year: 2013

Name of Municipality: Town Of Spiritwood

Date: August 22, 2014

WATERWORKS RATE POLICY

On July 28, 2009, Council passed a bylaw to fix the rates to be charged for the use and consumption of water and to fix the rates to be charged by way of rent and January 26, 1995 for service charge for the use of the sewer. On May 24, 2011, Council passed a bylaw to establish an infrastructure charge to be placed into a reserve for future infrastructure upgrades.

Under the waterworks rate policy bylaw, the water rate of \$41.33 for the first 2,000 gallons of water and \$2.25 per 1,000 gallons in excess of 2,000 gallons, as adopted under the Water Bylaw, dated July 28, 2009.

DATE	RATE	ESTIMATED MONTHLY CHARGE	
JANUARY 1, 2012	\$41.33	IN EXCESS OF 2,000 GALLONS	\$2.25 per 1,000 over
JANUARY 1, 2013	\$41.33	IN EXCESS OF 2,000 GALLONS	\$2.25 per 1,000 over
JANUARY 1, 2014	\$41.33	IN EXCESS OF 2,000 GALLONS	\$2.25 per 1,000 over

The objective of the Waterworks rate policy is that we are finding most of our Waterworks infrastructure is getting past its life expectancy. We are currently replacing our Waterworks infrastructure. The Water Treatment Plant was upgraded to an RO system in 2010-2011. Our two Lift stations will have new piping upgrades by the end of this year.

WATERWORKS CAPITAL INVESTMENT STRATEGY

To cover the costs of future waterworks infrastructure maintenance and replacements, Council will likely need to undertake in the future a combination of increasing water rates to build the waterworks reserves. The capital investment strategy will ensure that safe drinking water can be provided to the residents, businesses, and surrounding rural community in the present and future.

Capital plans are being worked on for upgrades to lift stations and to plan for replacement and repairs of sewer and water infrastructure. By the end of this year the Water Treatment Plant will have membranes replaced in both Reverse Osmosis Units. Future infrastructure upgrades will be continuing such replacing curbstops and isolation valves.

ANNUAL WATERWORKS FINANCIAL OVERVIEW

The following is information on the waterworks, as required under The Municipalities Regulations:

2013 Waterworks Overview:

Total waterworks revenues: \$407,506

Total waterworks expenditures: \$331,489

Comparison of waterworks revenues to expenditures plus debt payments, expressed as a ratio:

\$\frac{\$407,506}{\$331,489} = 1.22 (For 2013, waterworks revenues covered 122% of the waterworks expenditures.)

The following additional information is available at the Municipal Office on the waterworks:

-2013 Audited Financial Statement.

-2013 financial overview of the waterworks.

- -Waterworks reserves.
- -Most recent copy of the waterworks assessment.
- -Annual compliance report for drinking water.
